Description []). The Turkina is a powerful OmniMech that was first seen in the Turkina Keshik at the Battle of Tukayyid, and entered general service with Clan Jade Falcon following the end of the Refusal War.In a design oddity, the Turkina mounts enough jump jets to vault 90 meters hardwired onto the frame, rather than using them in modular pods. While this simplified repair, it also uses ...

I attempted the online computer science course, CS50. Work took over, so I never finished this course, though it was interesting. Most of the work was done in C, so that was new to me. I'm not a coder. I am currently working at my own pace on Codecademy. The current course is Python. I'm actually enjoying it.
