Fujifilm GF670 Professional Medium Format Review | ePHOTOzine

Update: An earlier version of this article incorrectly stated that the cameras were discovered at a B&H warehouse - they were found at a US Fujifilm warehouse by the manufacturer. The public will soon be able to purchase new units of the discontinued Fujifilm GF670 film rangefinder folding camera thanks to a cache reportedly found in a Fujifilm warehouse.

Get 'em while you can: Fujifilm GF670 medium-format film ...

The camera itself is the same body as the GF670 with a different lens and lens housing (this one is fixed, the regular is a folder) and a wider viewfinder. Fuji has also added a small red light below the viewfinder to let you know you have tripped the shutter.

Fuji GF670W Review | Hogarth Ferguson

Exposure control with the GF670W can be either via an aperture-priority auto mode or fully manual. The metering system is common-or-garden (but, importantly, TTL) centre-weighted average with a sensitivity range of EV 1.3 to 18 at ISO 100.

FujiFilm I

The GF670W features a coupled rangefinder, aperture-priority AE and manual exposure modes, electronically-controlled shutter (4-1/500 sec., B), center-weighted average metering, exposure compensation (+/- 2EV in 1/3 EV steps), and ISO 25-3200. [See, that's really all the features you need in a camera to take great pictures.]
