H Review Of Tax Research

A Review of Tax Research 1. Introduction In this paper, we review tax research in accounting as well as tax research in economics and finance to the extent that it is related to or is affected by research in accounting. Shackelford and Shevlin (2001) provide a careful and thorough review of empirical tax research in accounting in the

A review of tax research - MIT

Abstract. In this paper, we present a review of tax research. We survey four main areas of the literature: 1) the informational role of income tax expense reported for financial accounting, 2) corporate tax avoidance, 3) corporate decision-making including investment, capital structure, and organizational form, and 4) taxes and asset pricing.

A Review of Tax Research by Michelle Hanlon, Shane ...

In this paper, we review tax research in accounting as well as tax research in economics and finance to the extent that it is related to or is affected by research in accounting. Shackelford and Shevlin (2001) provide a careful and thorough review of empirical tax research in accounting in the prior Journal of Accounting and Economics review volume. Shackelford and Shevlin limit their review to research published in accounting outlets and describe the development of the relatively young ...
