Motorcycle Application Guide Loctite

LOCTITE® MOTORCYCLE APPLICATION GUIDE. 4. Since the invention of the first gas-engine motorcycle in 1885, there has been a love affair between humans and their motorized bikes, often referred to as their “ride”. In the early days of motorcycling, enthusiasts were referred to as “adventurers”. Today, those involved in these love affairs come from all walks of life, different income levels and careers, and even from both genders.
