A wealth tax (also called a capital tax or equity tax) is a tax on an entity's holdings of assets.This includes the total value of personal assets, including cash, bank deposits, real estate, assets in insurance and pension plans, ownership of unincorporated businesses, financial securities, and personal trusts (a one-off levy on wealth is a capital levy).

### Wealth tax - Wikipedia

The Wealth of Nations is a work of political economy. It is concerned with much more than the mechanisms of exchange. It is also concerned with the ideal form of government for commercial advancement and the pursuit of self-interest. This is where Smith's reputation as a laissez faire theorist comes in.

distribution of wealth and income, the way in which the wealth and income of a nation are divided among its population, or the way in which the wealth and income of the world are divided among nations. Such patterns of distribution are discerned and studied by various statistical means, all of which are based on data of varying degrees of reliability. Wealth is an accumulated store of ...

### distribution of wealth and income | economics | Britannica

Adam Smith and The Wealth of Nations. The idea of a fixed amount of wealth existing in the world was the target of Scottish philosopher Adam Smith (1723-1790), in his 1776 treatise, The Wealth of Nations.Smith argued that the wealth of a nation is not determined by how much money it holds, and he argued that the use of tariffs to halt international trade resulted in less—not more—wealth.
