California, Santa Barbara. These studies analyze four solutions to California's water problems that are proven to work, widely available, and cost effective. Taken together, they have the potential to expand existing supply or cut current demand by a total ...

Solving California's Water Problems | HuffPost

Two in three Californians oppose drilling off the California coast. A strong majority of Californians (67%) oppose allowing more oil drilling off the California coast. Only 28% favor allowing it—this is close to the lowest level of support for offshore drilling (25% in July 2017) since PPIC began asking about it in 2003.

California utility Pacific Gas & Electric (PG&E) cut off power recently to 172,000 customers in northern California to prevent its power lines from starting a fire. Such preventive blackouts shield utilities from liability. Unfortunately, some California politicians believe the solution is to outfit homes with solar panels and batteries.
