language, religion, gender, and poverty. But every child has the right to be supported by their parents and community to grow, learn, and develop in the early years, and, upon reaching school age, to go to school and be welcomed and included by teachers and peers alike.

The Value of Inclusive Education - Open Society Foundations

Place value in KS2. In Year 3, children might be given Dienes blocks and arrow cards to help them with adding a pair of two-digit numbers. This would enable them to partition the numbers, so that they could add the tens first and then the units. A Year 3 child would also be expected to know the place value of digits in three-digit numbers.

Place value explained for primary school parents ...

Madonna and Child was painted by one of the most influential artists of the late 13th and early 14th century, Duccio di Buoninsegna. This iconic image of the Madonna and Child, seen throughout the history of western art, holds significant value in terms of stylistic innovations of religious subject matter that would continue to evolve for centuries.

Madonna and Child (Duccio) - Wikipedia

Help your child discover strengths to build on. You can even help your child set a “competence anchor” to build self-esteem. A competence anchor helps kids trigger a memory of something they did well in the past. That allows them to tap into joy and confidence and take that feeling with them as they tackle challenges.

What is Child Development? - Kid Sense Child Development

The `:nth-child(n)` selector matches every element that is the *n*th child, regardless of type, of its parent. *n* can be a number, a keyword, or a formula. Tip: Look at the `:nth-of-type()` selector to select the element that is the *n*th child, of a particular type, of its parent.

CSS `:nth-child()` Selector - W3Schools

For children, making friends is a vital part of growing up and an essential part of their social and emotional development. Attributes such as social competence, altruism, self-esteem, and self-confidence have all been found to be positively correlated to having friends. Studies have found that friendships enable children to learn more about themselves and develop their own identity.

Children and the benefits of friendship - Life Education

An older child's experience is different from a younger one's: The older child has a younger sibling, while the younger child has an older sibling. A third child has two older siblings, and so on. Because of birth order and family size, no two children experience the same family the same way.

Treating Children as Individuals - HealthyChildren.org

When children having difficulties with balance and coordination they might also have difficulties with: Social isolation as they might struggle to participate in social activities such as pool parties, birthday parties at a physical activity location (e.g. Bounce, Latitude, Ice skating, ten pin bowling) and other physical play with friends.

Balance & Coordination - Kid Sense Child Development

Having established laws removing many children from the marketplace, turn-of-the-century America was discovering new, sentimental criteria to determine a child's monetary worth. The heightened emotional status of children resulted, for example, in the legal justification of children's life insurance policies and in large damages awarded by courts to their parents in the event of death.
