Don't let its size fool you. Our Commercial 30 mower is deceptively light and easy to maneuver. In fact, it feels and handles much like its Commercial 21 counterparts. The major difference: its 30-inch cut delivers up to a 40% increase in cutting efficiency compared to a standard 21-inch mower- without wearing out the machine or its operator.

The team used the Alembic-streamed animation for her face but also had the engine run a custom shader that involved GPU tessellation (via “compute shader”). The vertex animation was generated procedurally on the GPU via the mask (see illustration). For more information, see Custom Render Textures in the Unity User Manual.
