In the pseudoscientific alternative medicine chiropractic, a vertebral subluxation means pressure on nerves, abnormal functions creating a lesion in some portion of the body, either in its action, or makeup (defined by D.D. Palmer and B.J. Palmer, founders of chiropractic), not necessarily visible on X-rays.. Straight chiropractors continue to follow Palmer's tradition, claiming that vertebral ...

Vertebral subluxation - Wikipedia

Visceral Manipulation Visceral Manipulation is a gentle manual therapy that aids and encourages the body's natural ability to release restrictions and unhealthy compensations that lead to pain and dysfunction. "Viscera" relates to the internal organs of the body, such as the liver kidneys and intestines.
